

International Radio Network IRN Connections

Connections available to licensed users:

- 'KB1 MULTIMODE LINKS' on Teamspeak 3
- 'ZMR 851.900' and the 'KB1 Channel' on Zello
- Allstar node 552360
- Echolink KC1MUV-L (primary) or M0JKT-L (secondary) – NEED NODE NUMBERS
- DMR (TGIF or SystemX) - Talkgroup 31320
- Hamshack Hotline 94136

We also benefit from our collaboration and permanent connection with the Freestar Network, offering so many more connections through repeaters, links, nodes and gateways, located all around the world. You can learn more about the Freestar Network on www.freestar.network.

Connections available to everyone:

- 'International Radio Network Channel' and 'ZMR 851.065' on Zello
- 'IRN QSO and Nets Channel' on TeamSpeak 3
- 'International Radio Network' on Zello is permanently connected to the 'QSO and Nets' channel on Teamspeak 3
- 'Ham Radio Hub' on Zello is a stand-alone channel for general use.
